

Join our exclusive event and explore the Automation opportunities that OMRON and partners can bring to your manufacturing process.

Dear Customer,

We are excited to invite you to a unique event designed to explore the innovative world of OMRON Inspection and Automation solutions.

Join us as we delve into the philosophy of Kazuma Tateishi: "To the machine the work of the machine, to man the thrill of further creation."

This powerful message encapsulates our commitment to enhancing productivity while empowering human creativity.

These are not just words, the event will be based on proof from our years of experience and dedication to develop further for your specific needs.

Event Highlights:

- **Tact Time & Throughput:** Discover how our solutions can optimize your operations for maximum efficiency.
- **Flexible & Sustainable Quality:** Learn about our commitment to sustainable practices and how flexibility in automation can meet your evolving needs.
- **Smart Integration:** Explore the benefits of connected systems that enhance productivity and decision-making.
- **AI Inspection:** See firsthand how artificial intelligence revolutionizing quality control and inspection processes is.
- Detailed agenda will follow by the end of June/beginning of July

If you have already determined whether you will be attending, we would appreciate it if you have already confirmed your attendance status, we kindly ask that you complete the following form <https://forms.office.com/r/00SGiz9Rnu> at your earliest convenience

We look forward to welcoming you to this special occasion!

Kind Regards

Richard Colonna
